**To whom it may concern**

I am pleased to recommend Zuzanna Jozkow, who has worked as a Student Worker in the ABENA Group's Corporate Communications team since September 2024.

During her time with our team, Zuzanna has taken on a wide range of responsibilities and consistently delivered high-quality work with professionalism and dedication. She has been involved in website management, social media content development, and planning and coordinating posts across our channels, with a particular focus on ABENA's global LinkedIn presence. She has also contributed significantly to our employer branding initiatives, including conducting interviews, creating content, coordinating approvals with HR, and implementing campaigns, consistently delivering work of a high standard.

One of Zuzanna's most significant achievements has been serving as project manager for the establishment of ABENA's internal marketing shop, enabling employees globally to order ABENA-branded merchandise. In this role, she demonstrated excellent organizational skills, initiative, and the ability to coordinate multiple stakeholders while driving the project forward from concept to implementation.

Beyond her professional capabilities, Zuzanna is a genuine pleasure to work with. She is friendly, positive, and always willing to help. She is eager to learn, quick to understand new tasks and systems, and works independently with confidence. At the same time, she has maturity and self-awareness to ask questions when needed, ensuring that her work is consistently of a high standard.

Zuzanna has been a valued member of our team, and I am confident she will be an asset to any future employer. I highly recommend her and wish her every success in her future career.

Kind regards,
